

## Letter from Frederick W. Baldwin to Mabel Hubbard Bell, January 5, 1908, with transcript

L Copy of a letter written to Mrs. Bell from Casey. St. Catharines, Jan. 5th, 1908. Dear Mrs. Bell:—

I'm altogether too happy to write coherently at present but I want to tell you at once that the little girl I have often talked to you about and I are tired of getting on without each other and are engaged to be married.

We were going to influence Mr. Bell not to allow me to make flights which of course would be absurd.

I got back to Toronto for New Years and needless to say enjoyed a very, very happy one. We saw the new year in at a dance which under the circumstances was very successful.

Thank you very much for your telegram. It was just like you to think I was blue and hurry to assure me that everything was all right. I am on my way to Hammondsport now but have had no news from Washington so am a little in the dark as to your movements.

Hoping to see you soon.

With a lot of love, Casey.
